

Celebration of Women in Engineering

February 15, 2024

Noon-1:30 p.m.

Catmull Gallery

Warnock Engineering Building

This event is designed to celebrate the achievements of women in engineering and inspire those studying in the field to continue their studies and pursue careers in engineering. Although there are many women now working in engineering fields, there are still not enough! Plan to spend time networking with engineers and others who support women in engineering. Hear about different paths to careers in engineering, both trials and achievements. Come to ask questions and discuss issues!

Lunch will be served

Reservations are required
